

Hueber Triple Star Complete

Designed for mature horses high fiber, low carbohydrate horse feed. Has a high fat concentration and is ideal for horses on poor pasture or hay and eliminates the need for supplementation. Higher fat diet provides a safe, efficient energy source that will improve, the horse's performance and minimize the risk of colic.

Designed with Hubbard Life feeds formulation and technology to ensure a high quality vitamin, mineral levels and provide essential amino acids. Contains yeast to increase digestibility and promote optimal fiber utilization. Chelated mineral included to promote stress and disease resistance. Soy Oil to help deliver ample energy during periods of moderate work. Added Biotin to aid in maintaining healthy hair coat and hooves.

FEEDING DIRECTIONS:

Hueber Triple Star is designed for mature horses. If feeding as a grain concentrate with hay, feed a minimum of 5 to 15 pounds per day for desired body condition. If replacing all the hay in the diet, feed 1% to 1.5% of body weight daily. Hueber Triple Star can be soaked with warm water for older horses with poor teeth, with respiratory problems, or for horses prone to choking. A constant supply of clean, fresh water is necessary for optimum results.
